ANNEX 1: SCHEDULE OF REQUIREMENTS – TERMS OF REFERENCE

1. GENERAL INFORMATION

Electoral support and capacity development are part of UNDP's democratic governance assistance worldwide. Through this support, UNDP helps nations build democratic frameworks which lead to improved representation, accountability, and transparency for the benefit of citizens.

In this context, UNDP has a long-standing partnership with the Central Electoral Commission (CEC) and the Centre for Continuous Electoral Training (CICDE) aiming at advancing the electoral education and democratic electoral processes in Moldova. This partnership, which spans over 15 years, resulted in the establishment of strong professional institutions, development of a modern State Automated Information System "Elections" (SAISE), improved legal and regulatory electoral framework, and implementation of effective long-term civic and voter and citizens education instruments.

Throughout the last electoral cycles, due to the continuous UNDP's support CEC and CICDE have demonstrated strengthened capacities and, despite challenges and persistent financial limitations faced by the institutions, managed to successfully deliver "well-administered elections", as attested by OSCE/ODIHR Observation Missions.

Recognizing the sustainable results achieved by the implementation of the objectives of EDMITE I (2017 – 2020) and EDMITE II (2020 – 2024) phases of the Project: 1) Enhance the inclusiveness of the electoral process by increasing the functional and technical capacities of the State Automated Information System "Elections" (SAISE); 2) Enhance the political participation of citizens by setting up and implementing the voters' information and civic education programmes; 3) Strengthen the capacity for effective and coherent oversight and monitoring on political party financing; 4) Improve the legal and regulatory framework to respond to the EOM recommendations; 5) Knowledge gaps are identified, and communication tools are designed to continuously reach a broad spectrum of society through different channels; 6) Citizens are more aware of important electoral dynamics and are better able to engage and lead public discussion; 7) Increased public awareness about the need of inclusive electoral processes.

The UNDP's "Strengthening Democratic Resilience in Moldova" (EDMITE III) project aims to fortify Moldova's democratic processes against internal and external threats such as cyber operations, information manipulation, and illicit political financing. Running from August 2024 to December 2028, the project focuses on three main areas: improving oversight of political finance to curb illicit activities and enhance transparency, strengthening electoral institutions to withstand cyber and information threats, and deepening civic engagement to foster an informed and inclusive electorate. The project aligns with the ODIHR and Venice Commission recommendations and supports the implementation of the CEC and CICDE Strategic Plans (2024-2027). Through collaborative efforts with government bodies, civil society, and international partners, the project seeks to build a resilient democratic framework in Moldova, ensuring the integrity and security of electoral processes while promoting inclusive participation and civic education.

In this context the project aims to contract a company to deliver communication materials for the election period. The selected company should provide the following: Print sticker labels; Provide reflective bracelets and print the requested logos; Deliver the materials to the beneficiary's office;

2. OBJECTIVE

In light of the upcoming parliamentary elections, the EDMITE project seeks to contract a printing company to support the delivery of visibility materials for the communication and mobilisation campaign conducted by the Central Electoral Commission, with EDMITE's support. The selected company will play a key role in ensuring the timely and high-quality production and delivery of these materials for use on election day.

Through a competitive procurement process, the aim is to select a qualified company capable of meeting the responsibilities and deliverables outlined in the Technical Requirements.

3. SCOPE OF WORK AND EXPECTED OUTPUTS

To achieve the objective, the selected company will be responsible for the following:

- Supplying 2.55 million sticker labels;
- Delivering the goods to the beneficiary's office.
